- ? Rationale for the executive in terms of the decisions made
- How are we trying to go about this? Lower level skaters against top level prospects??
- Don't understand the process of having a re-evaluation?
- Issue: novice vs expert
- 19, wants extra goal tender
- Made a deal with a goal tender parents;
- Tyler was unable to get a Return to Play document from Shawn or Jen so he was unable to bubble with associations
- Tyler is requesting that we take the top teams and move down
- 25 never agreed upon, or even discussed
- Tyler is aware of it- on the brink of losing 19 skaters
- Difficulty with communication, including emails and ice time
- Bubbling outside of our PHU is a case by case basis
- Goalie situation needs to be addressed
- Request for 1 additional forward to be rostered to the Midget Top Tier team
  - Bubble with other teams?
  - Playing against other AA teams?

**Tyler exited the meeting at 0730pm**

Discussion amongst the executive;

1. Roster his 18, with extra forward, and 2 goalies.
2. Evaluation skate to proceed as planned
3. Motion: Tyler be given the additional skater he is requesting, 16 skaters and 2 goalies. He can bubble with 2 other centres as he sees appropriate  
The remaining players will be separated in to 2 additional teams, where they can bubble with each other and potentially another organization (Tier 2/ Tier 3)
